1	1	Fourier Integral Transform
1	1	Convolution Theorem
1	3	Green's Function
1	5	conventions
1	6	Laplace Transform, connection to
1	7	Reflection rule for real x(t)
1	8	delta function, spectrum of
1	8	step function, spectrum of
1	8	square pulse, spectrum of
1	10	area rule
1	11	differentiation rule
1	11	integration rule
1	12	translation rules
1	13	exponential sum rules
1	12	delta function technology
2	1	spectrum of a pulse train
2	4	Fourier Series, connection with
2	7	square wave pulse train, Fourier Series of
2	7	sinc function
2	10	pulse trains, non-positive
2	10	biphase pulse and pulsetrain
