Table of Contents for Chapter 5

Some Theoretical Topics

5.1. Spectral Dispersion Relations 1
(a) dispersion relations for X(ω): The Hilbert Transform 1
(b) dispersion relations for γ(ω) 3
(c) dispersion and attenuation 5
(d) application to coaxial cable 6
(e) dispersion relations as a convolution 6
(f) the Hilbert Transformer 7
summary box 8
(g) The Phase Splitter and Modulation 9
